

A Song for the People

We're standing at the crossroads
Will we soar or will we fall?
Our future now awaits us
Which path will we follow?

Earth can be a Paradise
I hope you'll see it too...

Age of Aquarius is upon us
Our Galactic journey full circle
To reach the promised moment
When the Cosmic door opens

Earth can be a Paradise
I hope you'll see it too...

If we stand together
With Love and Light and Joy
We can build a new World
Every man, women, girl and boy

Now is the time for the People
To take the future in our hands
Coming together in unity
One Human Heart, One Global Mind

Earth can be a Paradise
I hope you'll see it too...

If we stand together
With Love and Light and Joy
We can build a new World
Every man, women, girl and boy
