

THE YEAR ONE

The Year One
The time has now come to begin a new song
The Year One
Accepting ourselves and forgiving past wrongs
The Year One

(Chorus)

We can work together to shape the next age
The Year One
Goodwill finally gets its turn on the stage
The Year One

Life is a miracle from love that's Divine
The Year One
Each one of us is born in this world to shine
The Year One

Repeat Chorus

We can work together to shape the next age
The Year One
Goodwill finally gets its turn on the stage
The Year One

The time has now come to share a new start
The Year One
All we need do is look into our hearts
The Year One

Repeat Chorus

We can work together to shape the next age
The Year One
Goodwill finally gets its turn on the stage
The Year One

This is the Year that can be the Year One!
The Year One
This is the Year that can be a New Start!
The Year One

(Repeat to fade)
